

Comments heard: *"Really great stuff! Keep bringing it on!", "I am looking forward to having a series of these", "Very Good Program and great sharing information."*

Career Connections #8

Bridges to Industry

Tuesday, May 6, 2016

8:00 AM – 11:30 AM

Edmonds Community College - Woodway Hall 202 (2nd Floor)
20000 68th Ave West, Lynnwood, WA 98036

Professional Development Series for Career Advisors and Specialists

Industry is well-known for supporting students and teachers in schools. They contribute in many ways such as time, money, internships for students, scholarships, equipment, expertise, and by encouraging employee volunteerism. The May Career Connections Workshop will focus on what motivates local manufacturing businesses to provide support. Hear from industry members who are involved with education and get some ideas on how to best approach those you wish to engage in your school.

Agenda:

8:00-8:30am	Breakfast and Networking; Exhibits Open
